ADOPTION PROFILE BOOK

DEAR EXPECTANT PARENTS,

Hello, we are Cory and Devon. First off, we want to thank you for looking into us and reading about our family. You're making such a selfless decision and we'll be with you every step of the way. If we are selected to become parents to your baby, we'd also consider you family. We are open to doing an open or closed adoption.

about us

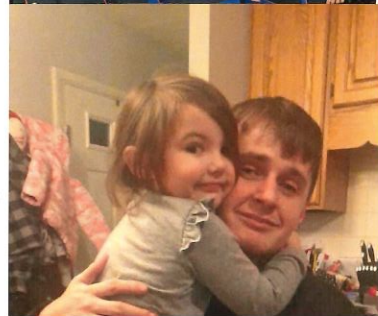

HOW WE MET

We met through social media. We slowly started talking, and day by day we started talking more and more.. Cory was actually in the Marine Corps and stationed in Japan at the time, while Devon was back in Central Illinois. We started dating in April of 2017. We dated for eight months before we officially met in person. Even though the distance between us was difficult as well as the fourteen hour time difference, our relationship continued to grow stronger. Cory proposed on Christmas Eve of 2018 with a few months left in the service. Once Cory completed his four years in the Marine Corps we had our wedding the following year, which had a limited attendance due to the virus. We are ready to give our unconditional love to a child and expand our family through the miracle of adoption!

about **CORY**

Cory grew up in the town we currently live in, in Central Illinois. He has one sister. His sister has two kids; a boy and a girl. Cory loves to game and spend time with family. Get togethers are a big part of his family. We get together every year for 4th of July, Thanksgiving, birthdays, and Christmas. Cory's favorite food includes anything barbeque. He graduated high school in 2015, worked for a little while, then went on to join the Marine Corps. Cory now works at a local manufacturing plant in town.

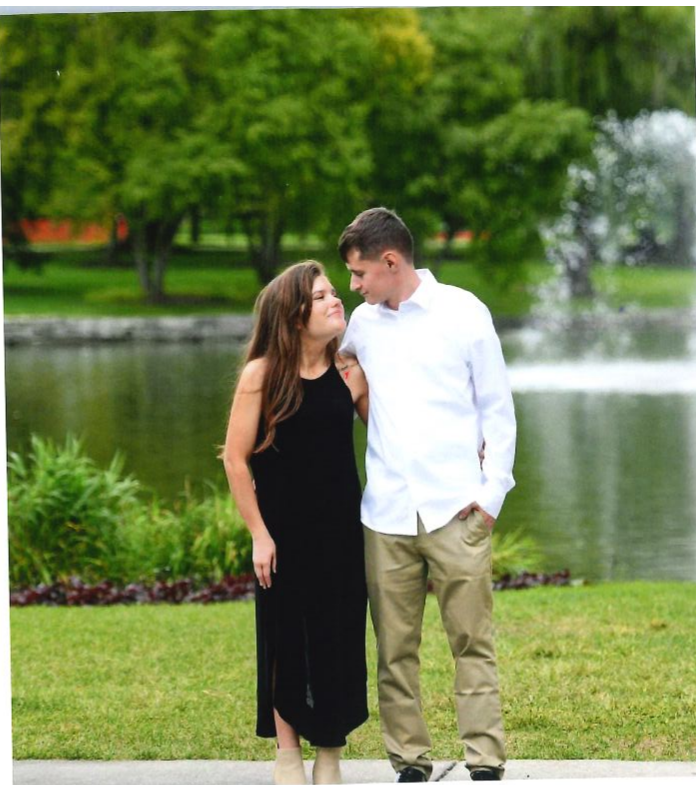

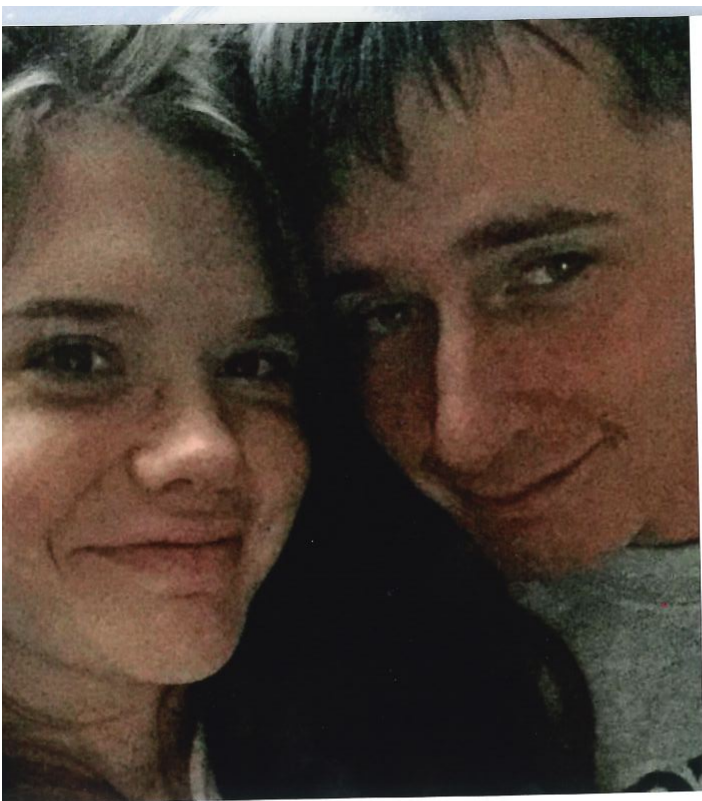

about

DEVON

Devon grew up in a small town in Illinois. She has three brothers and two sisters. She is now an aunt to five nephews and five nieces. Family has always been very important to her, and regardless of where she's been in life she keeps them as a top priority. Her favorite time of year is Fall. She loves spending time with family, crafting, playing board games, and cuddling up with our fur babies. Her favorite foods include pasta and different sweets. She graduated high school in 2010 and went to our local community college to work in the medical field. Devon has now worked in the medical field for over ten years; working in areas such as long term care, home health, hospice, a hospital setting, and pediatrics.

our
FRIENDS & FAMILY

adventures

Together we like to try new things. We like to travel and try new foods. We have family in different states, so we can always have an adventure. Aside from traveling adventures, we love to add animals to our family as we've rescued both our cat (Beans) and our dog (Watson).

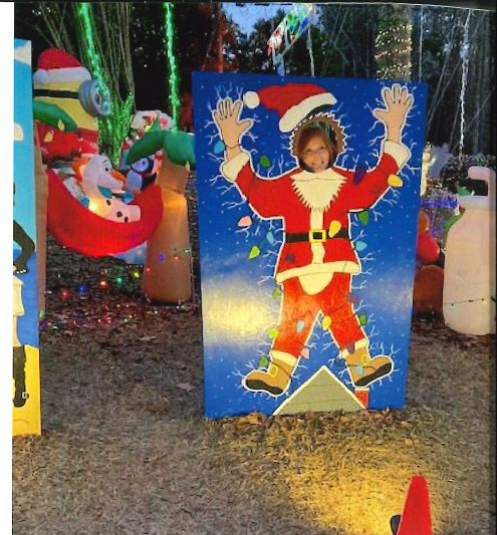

family traditions

We really value family time. We love spending holidays together. We get together on as many holidays as possible. We have a tradition of going to look at Christmas lights together, having get-togethers, listening to Devon's mom read "Twas the night before Christmas", and cookouts together in the warmer months.

Church services
are also a must
not just for the
holidays.

We love
driving around
together to look
at Christmas lights
in our
neighborhood.

Our families
always make
sure all the family
gets together for
the holidays.

our promise...

We have always dreamed about being parents and having a child to raise in a loving home. We are very exciting to be adopting and have so much love to share for this child as we expand our family. Our child will be raised on a lot of love, faith, and laughter. We are also very family oriented, so our child will be so loved by not only us, but also by our big family. Thank you for taking the time to read about us.

Sincerely,
Cory & Devon
