

## DEAR BIRTHMOTHER:

While we can only begin to image the extent of the decisions before you, we're honored you've taken the time to get to know more about us. We are so grateful for your strength and courage in considering adoption. Our family has so much love to offer and we are really looking forward to bringing a child into our home. We hope it brings you some comfort knowing that we are committed to a flourishing relationship with you. We truly look forward to meeting you.

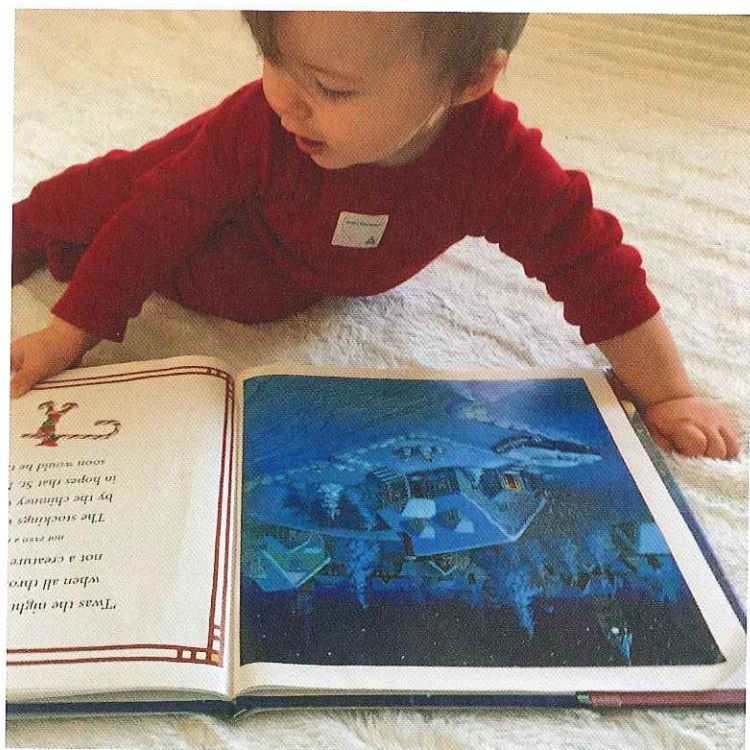

- Keon + Justin

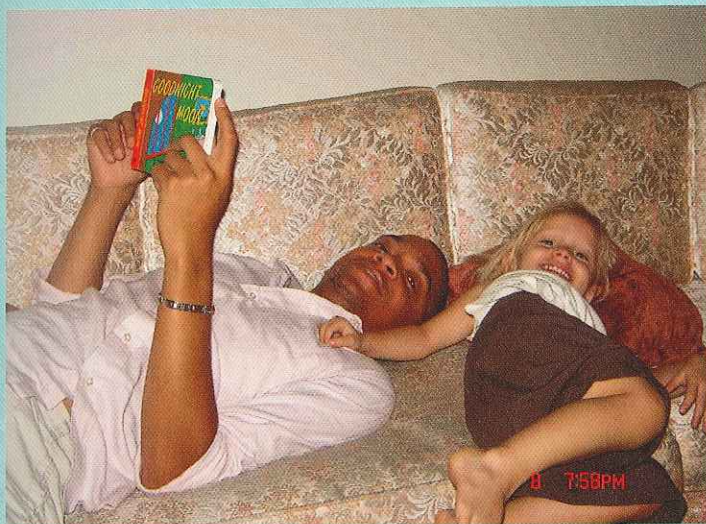

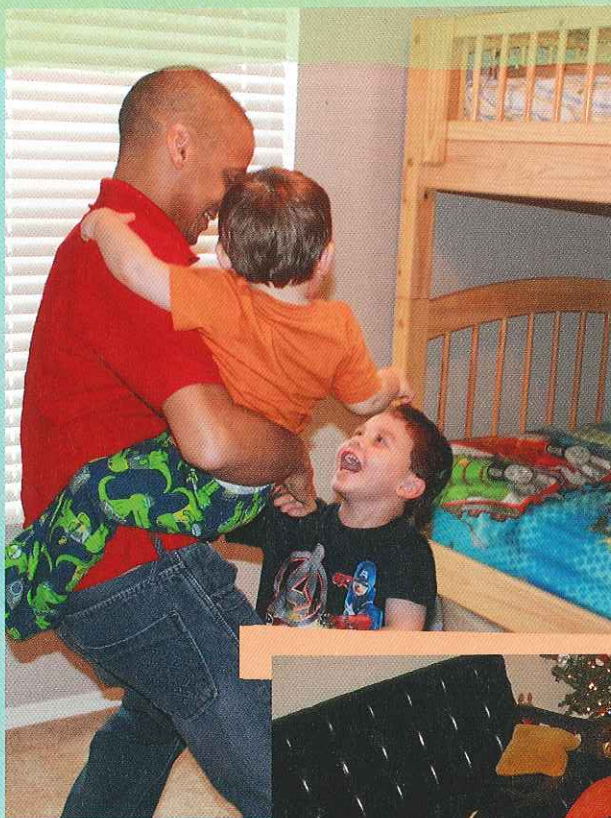

## ABOUT US

We met over ten years ago thanks to a mutual friend here in Champaign, Illinois. Our bond developed quickly and we realized that we were headed towards a lifelong friendship. At the beginning of our friendship, we discussed having a family, becoming fathers, and building on the circle of family and friends that are in our lives. In 2017, we were blessed to adopt a beautiful baby boy. We love sharing our home with friends and family, inviting everyone over for dinners, game and movie nights. We make the most of every moment in life, whether it's traveling or exploring the many parks in our neighborhood.

Justin is a marketing director for a real estate investments firm and has been in the real estate industry for years. Keon is in market research and product development, working as an executive for a financial institution. Keatin is a fun and inquisitive child, loving to explore, listening to music, and cuddling. All of us are able to be creative at work and on home projects. We are fortunate to work for companies that allow for flexibility to work from home at times, allowing us to spend our days enjoying and taking care of our child.

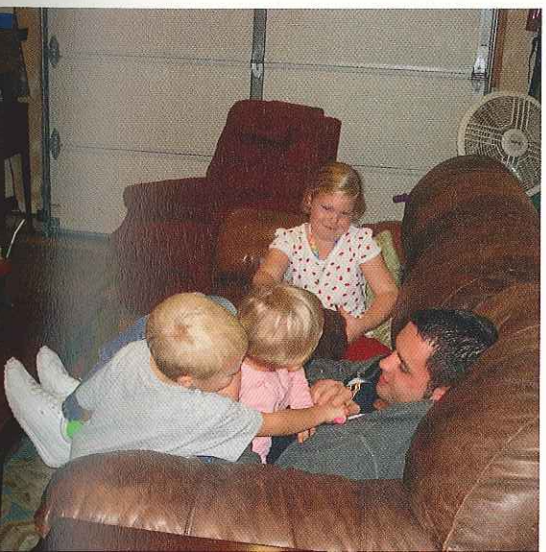

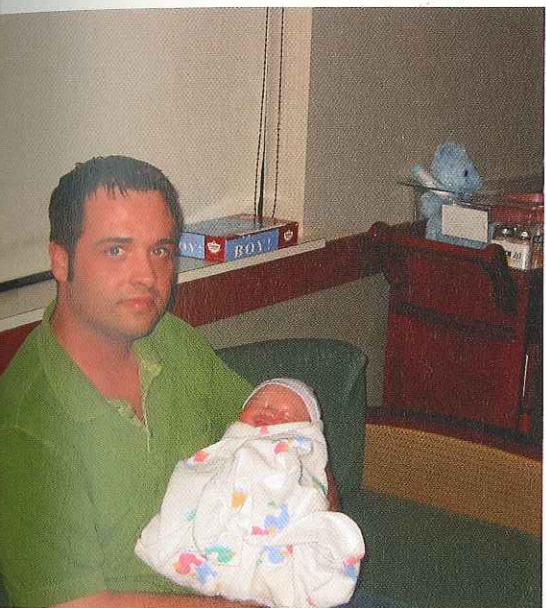

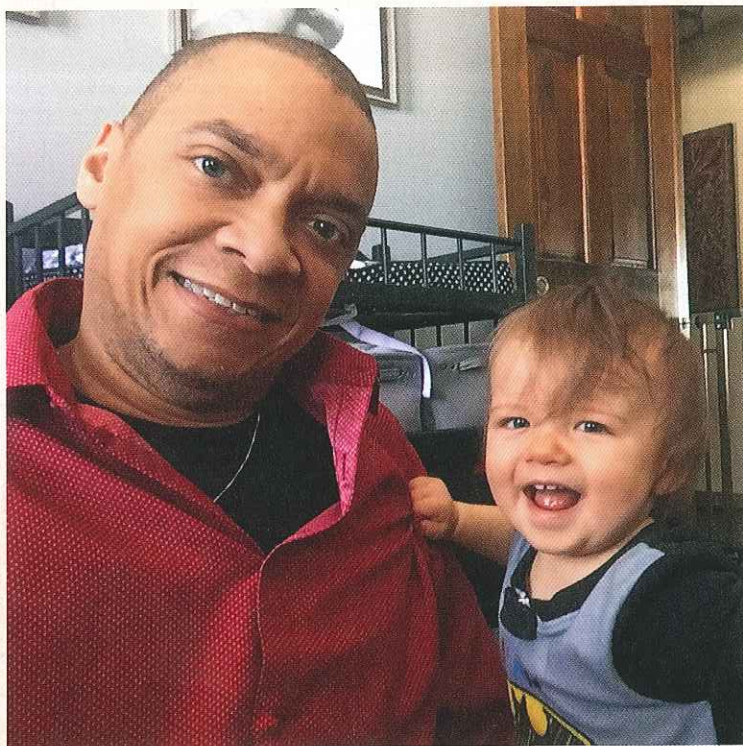

## JUSTIN BY KEON

Justin is my best friend and rock. He is honest, genuine, intelligent, creative, and caring. When you think of a man that always puts other people before himself, that is Justin. He's incredibly nurturing and enjoys taking care of others. These are just some of the many qualities that makes him a great father.

Justin is a master chef. He's patient and encouraging when teaching me how to cook dishes. He continually demonstrates the same patience and encouragement to our son. I'm always catching Justin doing those TV moments, like when I caught him in the kitchen baking cupcakes and watching both him and our son licking the icing spoon, just like Justin did when he was a child!

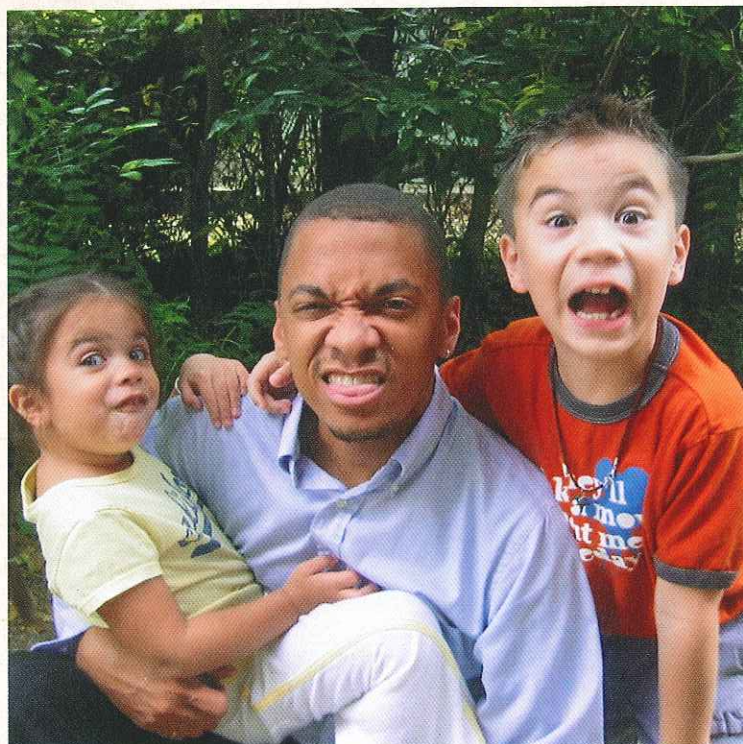

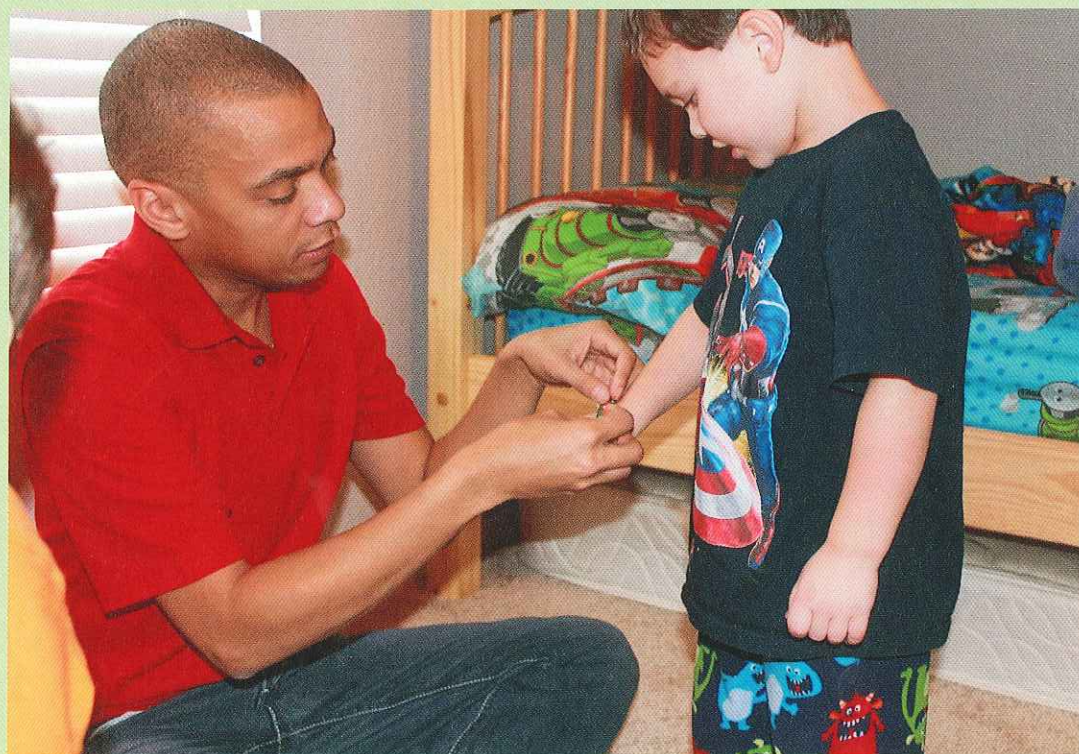

## KEON BY JUSTIN

Keon's energy is part of what makes him easy to love. If he's not playing with Keatin or the dog, e's tinkering in the garage or in the backyard, or prepping for our next getaway adventure. He's a thinker that's ready for anything. Keon is always two steps ahead of me!

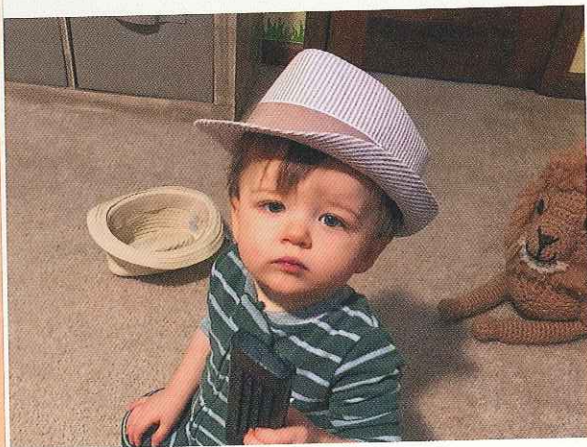

He's always ready to start up a game, entertain children, and never misses an opportunity to turn a sad face upside down. His magnetic personality and charm makes him the life of the room. When I see Keon playing with our son, I know that he will always have what it takes to be a great father. With Keon around, everyday in our child's life is an adventure!

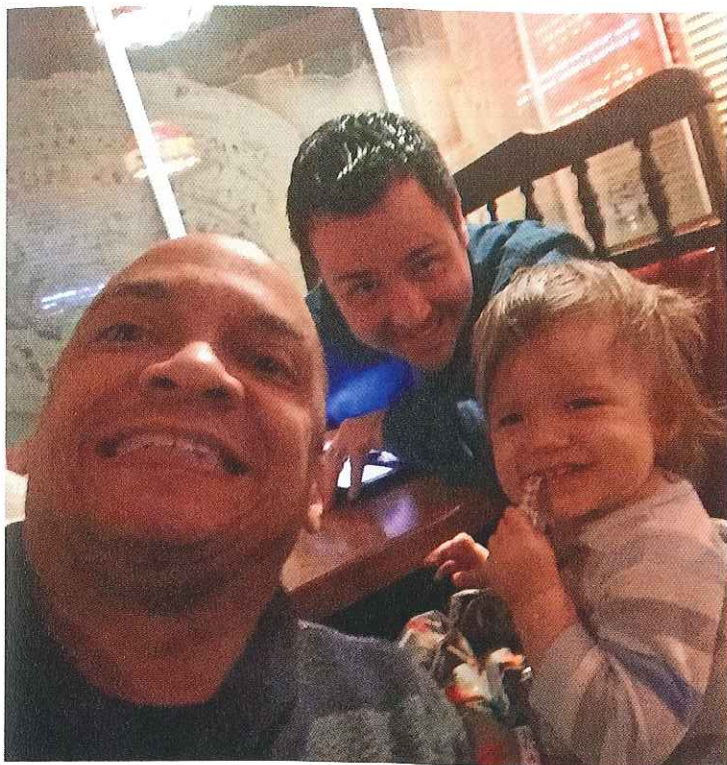

## ABOUT KEATIN

Keatin is a smart, curious, and loving little boy who makes us smile everyday! Were excited to expand our family and give Keatin a baby brother or sister.

Keatin loves to cuddle. Hes full of life and loves to explore. Cars and musical instruments are his favorite things to play with. He loves being outside as well as indoors learning new things.

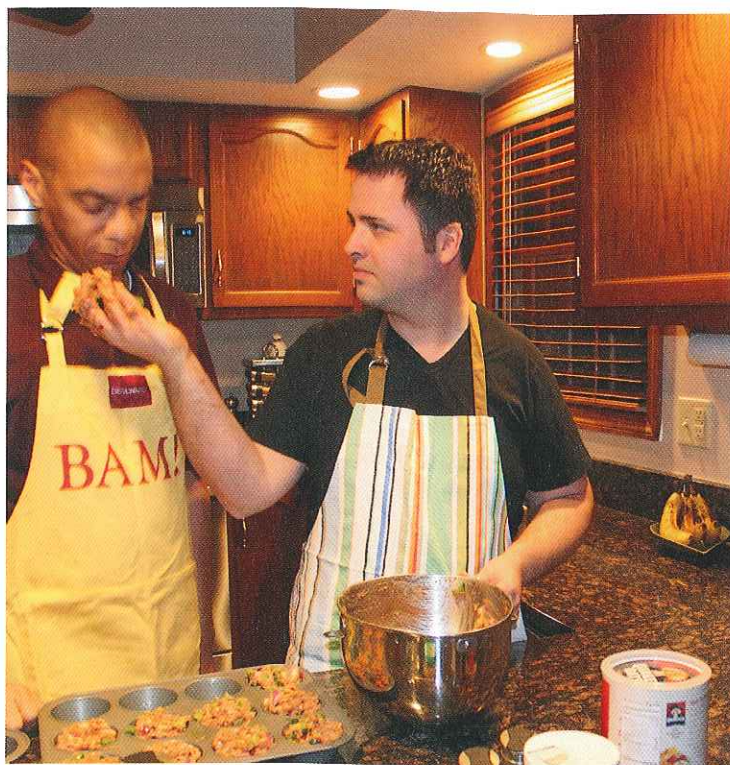

## OUR INTERESTS

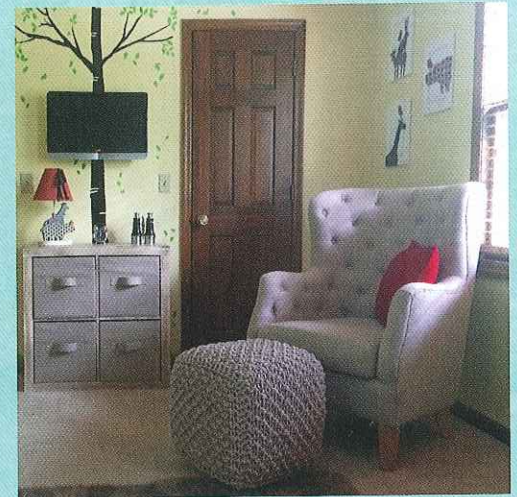

Life for us is an adventure. We enjoy exploring the neighborhood parks, downtown shops, and art galleries. Any time there is a cultural festival going on, we are there! We love going to the local festivals, traveling the world, and spending time together learning about different cultures. When we can't travel, we bring the cultural experience to us in the form of food. A good home-cooked meal will supplement travels any day. We enjoy family dinners each night.

We also have an extreme love for animals, especially Jackson, our Jack Russell Terrier. He enjoys our neighborhood walks. He is the sweetest and most gentle. He's favorite game to play is hide-and-seek.

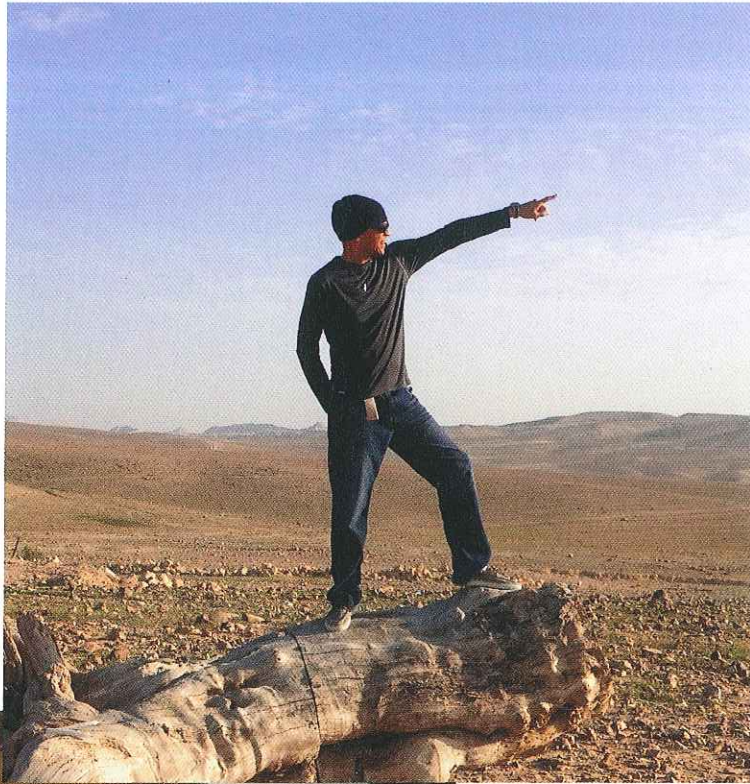

## OUR HOME + COMMUNITY

Our home is nestled on a quite cul-de-sac, which provides a fun gathering place for neighbors and kids to play, located in a diverse neighborhood. In the evenings you can find us walking with our son and playing catch in the neighborhood parks with our dog, Jackson. Champaign is an amazing community to raise children with many outdoor and cultural activities.

## FRIENDS + FAMILY

We are blessed to come from loving and supportive families, both married over thirty years. Keon's mother, Judy, and sister, Tyla use any excuse to visit and couldn't be more excited to welcome another grandchild and niece or nephew. Justin's parents, Andrea and Dennis, are anxiously waiting for another grandchild's arrival. Justin's brother, sister-in-law, and their two child, Jared and Jake, live close by. We love to take them for fun weekends where we go play putt-putt golf, bowling, and play at the park.

Our families are very important to us and we make great efforts to stay connected with them as much as possible. We have an amazing group of friends that we deeply value and care for.
